

# MEN'S RUN SHORTS

AVAILABLE IN 3", 5" AND 7" LENGTHS

## The Speed 3" Short

The shorter inseam means it's the lightest of the trio, so if you're looking to go fast, then look no further. You speed demons will love that there is a hidden internal pocket for your car or house keys, and a sweatproof phone pocket at the back. Otherwise, it's all business for getting that PR.

## The Drive 5" Short

The Goldilocks of the group, this mid-length run short is not too long, and not too short. Perfect for both a gym workout, or training run. 4 total pockets allows you to carry your essentials, including keys, phone, wallet or nutrition.

## The Cruise 7" Short

This one not only offers the most coverage, but is ideal for those who just want to hang out or go for a nice leisurely walk. The 4 pockets offer a multitude of options for carrying your gear, and 4-way stretch fabric keeps you ready for any workout that pops up.
